NMIMS
Deemed to be UNIVERSITY

PLACEMENT COMMITTEE
NMIMS NAVI MUMBAI

PLACEMENT REPORT

School of Technology Management
& Engineering

2021-2023

About NMIMS

Starting with baby steps in 1981, NMIMS has today emerged as a globally reputed university. Always socially conscious, the Shri Vile Parle Kelavani Mandal (SVKM) made the decision to cater to the rising demand for management institutes in the country. This led to the birth of the Narsee Monjee Institute of Management Studies (NMIMS). It began humbly by offering a two-year full-time master's program in management studies with 4 full-time faculty, 3162 books, and an intake of 40 students above Bhaidas Hall, Vile Parle (West), Mumbai. Built on this inspiring legacy, today, NMIMS stands proud as a Deemed-to-be University offering multiple disciplines across multiple campuses.

What started as an institute in a small building has caught the world's attention, thanks to its 17 specialized schools. More than 17,000 students and about 750 full-time faculty members, 10 faculty members with Fulbright Scholarship and Humboldt International Scholarship for post-doctoral researchers are part of India's most sought-after academic community. The consistent academic quality, research focus, faculty from top national and global institutes, and strong industry linkages at NMIMS have placed it among the nation's prime centers of educational excellence and research today.

About NMIMS Navi Mumbai

In the league of a few globally acclaimed Universities, disseminating education to innovate, think critically, and unique, inculcating analytical abilities; NMIMS, Navi Mumbai is the undisputed torchbearer. Students here are galvanized to chew and digest new knowledge in the interdisciplinary domain of algorithmic business thinking, technology strategy, digital marketing and data analytics, artificial intelligence, business and corporate laws, IPR, sciences, and accounting.

With a commitment to intellectual and social transformation through knowledge, NMIMS Navi Mumbai has cultivated the culture of holistic development of management skills in students through cultural, social, and experiential diversity.

NMIMS Navi Mumbai is a partner in the national mission of education for the creation of a better world. The Navi Mumbai campus is an architectural marvel - beautiful, functional as well as practical in design. The campus exudes Indian ethos and cultural values. It also synchronously imbibes the western education model with its emphasis on skill development to ensure that the students are transformed into leaders who can thrive amidst the challenging dynamics of a turbulent international business environment.

Dr Ruchita Verma

***In-Charge Director
NMIMS, Navi Mumbai***

SVKM's STME (Shri Vile Parle Kelavani Mandal's Institute of Technology and Engineering) is a distinguished institute known for its commitment to high standards and excellence in the field of technology and engineering education. The institute is dedicated to nurturing the physical, social, emotional, and intellectual development of its students, recognizing and fostering their individual strengths and potential.

At SVKM's STME, the focus is on developing entrepreneurs and leaders who can make a significant impact in their organizations. The institute constantly strives to incorporate the best theories and practices of management education, attracting top talent from all over the country. The curriculum is designed to provide students with a comprehensive understanding of the corporate world and to prepare them for managerial and leadership roles.

SVKM's STME has taken significant initiatives in curriculum development, international collaborations, placements, and overall holistic development of its students. The institute has transformed into a global center of learning, offering a balanced exposure to research, academics, and practical aspects of the industry. This approach is aimed at addressing the emerging and pressing needs of the business world and society at large.

The current batch of students (2022-24) at SVKM's STME represents a remarkable talent pool. They bring with them a high level of competence, which is a crucial requirement in today's business environment. These students have demonstrated excellent leadership skills in their respective domains and possess the soft skills necessary to address the social and human dimensions of the corporate world.

It is expected that prospective employers will find in these students a valuable resource that can provide a competitive edge to their organizations. These students are equipped to contribute significantly across operational, technical, and strategic domains, working towards the achievement of organizational goals.

I extend my heartfelt blessings to all the students of SVKM's STME, wishing them success in managing themselves, their families, and building prosperous careers. Just like the batch before them, they have the potential to add great value to any organization they join and thrive in their personal and professional endeavors

Mr. Aditya Kasar

***Program Chairperson (MBA Tech)
NMIMS, Navi Mumbai***

The dynamic and ever-evolving landscape of the technology and engineering industry presents unique challenges and opportunities. At the School of Technology Management and Engineering (STME), SVKM, we embrace these changes and adopt a student-centered approach to equip our students with the skills and knowledge necessary to thrive in this fast-paced environment.

Our primary objective at STME is to bridge the gap between academic learning and the practical demands of the industry. We strive to develop agile and adaptable professionals who can effectively navigate through emerging technologies, innovation, and complex engineering projects.

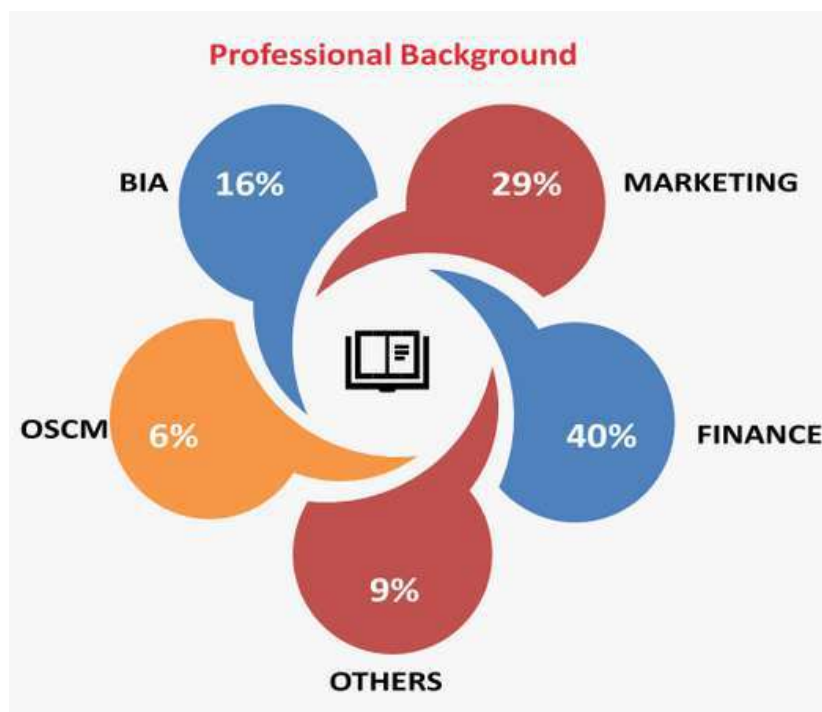

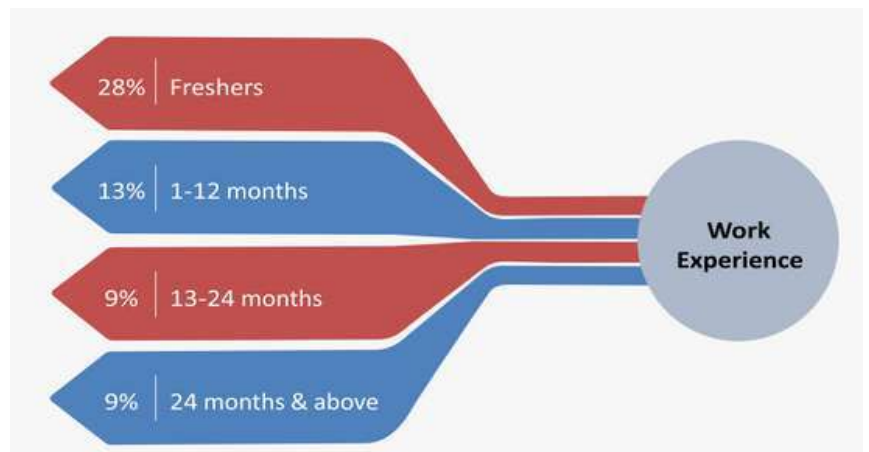

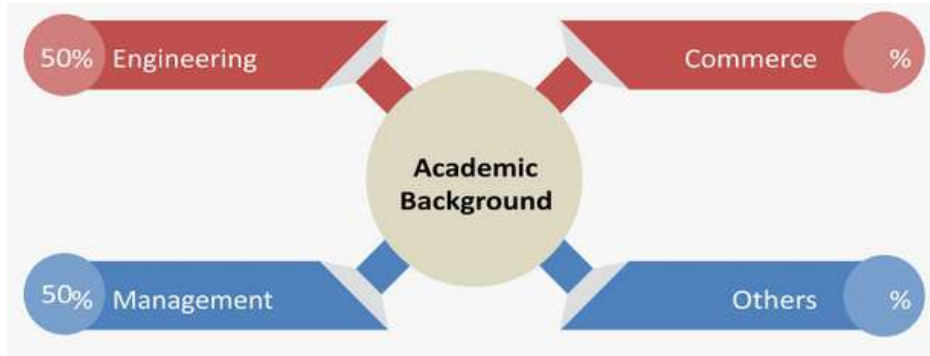

With a focus on experiential learning, we integrate hands-on training, industry projects, and practical simulations into our curriculum. Our students are encouraged to collaborate, think critically, and solve real-world problems through the application of cutting-edge technology and engineering principles.

STME, SVKM is committed to fostering strong partnerships with industry leaders like your organization. We believe in the power of collaboration and mutual growth. We can offer support through collaborative research projects, industry internships, consultancy services, technology transfer, and recruitment drives.

By partnering with STME, your organization can tap into the immense potential of our talented students, who are not only equipped with technical expertise but also possess strong problem-solving and teamwork skills. Together, we can shape the future of the technology and engineering industry and contribute to its sustainable growth.

We eagerly look forward to establishing a mutually beneficial and enduring partnership between your organization and STME, SVKM.

Ms Kavita Kadam

***Deputy Director, Campus Placement
NMIMS Navi Mumbai***

The Placement Committee at NMIMS Navi Mumbai is driven with zeal to achieve the best placement records. Our campus has been achieving constant growth in its placement records thanks to the dedication, efforts, and support from our Director, Associate Dean, Faculty, staff, and Placement Committee.

My sincere appreciation goes out to our recruiters who played a huge role in our previous batches' success. Our aim is to continually expand our network of recruiters and establish lasting relationships by partnering with corporates.

The MBA Batch of 2022-2024 consists of a talented pool of enthusiastic and dynamic students who are constantly on their toes to prepare themselves to enter the corporate arena as a full-time workforce. The MBA Batch of 2023-2025 is keen to learn and get industry experience in their 2-month summer internship period.

With immense pleasure, I would like to invite our recruiters for the Placements Season 2023-2024.
